THURS, June 11th, 2020

**33rd Annual MTUG
Information Technology
Summit & Tradeshow**

About the Casco Bay Hall Foyer Booths in entrance (#57, 58, 59)

The 3 additional booths in the foyer are big enough for most booth setups. They will have a modified pipe-and-drape setup. **The ceiling height is 8.3 feet.** It is a unique location -- all attendees to the tradeshow must pass through this area to go from the tradeshow to any other part of the event.

CEILING HEIGHTS are 9.5 ft EXCEPT: ->
Booths 57, 58, 59 are **8.3 ft high.**
→ Booths 53, 54, 55 are **8.5 ft high.**
→ Booths 43 & maybe 42 may have only **7.5ft clearance** on the shared side.

If you have questions about these booths, please contact Kate Carpenter at MTUG at 207-370-5327 or programs@mtug.org.

Booth Assignments / Confirmations

Booth assignment is based on **DATE of payment received/postmarked WITHIN sponsorship level.** Early Bird buyers are considered before all post-Early Bird buyers (Early Bird ends Fri. 2/15/19).

Only Casco Bay Hall, Lunch, and Gold Sponsor booths can be confirmed prior to the end of Exhibitor Early Bird.

Please designate 2 or 3 choices for booth assignment when submitting your registration. Your choices can be updated from by emailing programs@mtug.org.

A similar map on the MTUG Summit Event Web Page will be kept up-to-date regarding booth assignments.

(NOTE: above diagram not to scale).
